

INTERNATIONAL CONFERENCE ON MATERIALS AND SPECTROSCOPY METHODS (ICMSM)

25-28 march 2016, Yasmine Hammamet – Tunisia

General Scope:

The goal of the ICMSM'2016 symposium is to provide a platform for researchers, scientists from all over the world to exchange ideas and to hold wide ranging discussions on recent developments in solid state materials and their innovative applications.

It is addressed to the materials scientists, physicists, chemists, biologists, and electrical engineers engaged in fundamental and applied research or technical investigations on such materials.

The aim of ICMSM'2016 meeting is to provide an international forum for the discussion of current research on materials and spectroscopy techniques and related topics.

The scope of the ICMSM'2016 meeting includes the characterization by

Impedance spectroscopy, Infrared and Raman spectroscopy, RMN spectroscopy, Optical properties,... but it is not limited to these topics

Important Date:

December 31, 2015: Deadline for abstract submission

Contributions:

An abstract (1 page max) must be submitted before 15 December 31, 2015 by E-mail:
